

Sampaguita Villas — Annual Financial Report

The Association's money, for owner decision at the Friday November 6, 2026
AGM

UNCERTIFIED DATA

CONFIDENTIAL

Sampaguita Villas Condominium Regime •

Rev B · 2026-09-10 · 1 USD = 17 MXN

UNCERTIFIED & CONFIDENTIAL

This is the financial portion of the Association's annual reporting, generated by HOPE from the data currently in the workspace. It covers the FY2027 operating budget, the dues allocation and per-villa amounts, assessments and charges, the reserve fund, banking, the financial alerts, and the financial motions for the AGM.

Nothing here is certified. It is not audited financial statements and not a formal notice of assessment. Figures are in US dollars at 1 USD = 17 MXN (the current rate); the ledger is kept in pesos, so peso figures are the source and a rate change moves every dollar figure. The 2026 operating actuals are not yet available (\$7). Confirm every figure against source records.

Confidential to Sampaguita Villas owners and the Association's officers and advisers.

1 Financial position — key figures

FY2027 OPERATING BUDGET \$273,072 MXN 4,642,223 · proposed	TOTAL ANNUAL DUES \$273,072 = the budget · \$68,268/quarter	RESERVE FUND \$37,313 37% of the \$100,000 target	FUNDS ON HAND (RECORDED) \$83,910 reserve + Scotiabank holding
---	--	--	---

FY2027 operating budget	USD 273,072 (MXN 4,642,223) — proposed, not adopted
FY2026 budget (for comparison)	~USD 205,000 — from the Treasurer, unconfirmed
2025 recorded actuals	~USD 149,856
Annual dues (total)	USD 273,072 — equals the operating budget; billed quarterly
Roof special assessment	Scope to be assessed — provisional ~USD 77,206 in 2027 (~USD 5,515 per villa), ~USD 150,000 across 2027–2028
Per-villa charges outstanding	USD 0 (none on file)
Reserve fund balance	USD 37,313 as of September 2026 — 37% of the USD 100,000 target
Reserve gap to target	USD 62,687
Cash held — Scotiabank USD, Canada	USD 46,597 (special-assessment funds + Q4 2026 dues)
Funds on hand (recorded)	USD 83,910 — excludes the BBVA operating balance (awaited)
Property insurance	Budgeted USD 14,994; contract expires December 30, 2026

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

2 Financial alerts

1 Operating budget up about +33% on FY2026.

FY2027 proposed at USD 273,072 vs a FY2026 budget of approximately USD 205,000 — up roughly USD 68,000. About two-thirds is real (utilities catch-up, full landscaping, payroll/IMSS for three staff, beach concession); the rest is the stronger peso lifting the dollar figure. **Owners are asked to review the budget for savings** before adopting it (§3, Appendix A); a target near USD 250,000 has been raised.

2 Dues rise for every villa.

Dues are each villa's allocation % of the operating budget. A 6.81% villa moves to **USD 18,596/yr** (about +USD 4,600 on the FY2026 basis); Villa 14 to USD 25,259 (about +USD 6,300). Per villa in \$4.

3 Roof special assessment — amount not yet fixed.

Three villas have reported roof water problems; there is no property-wide roof inspection. The AGM motion (§10 M6) authorises a scope assessment, the remedial work, and a special assessment to fund it, with current maintenance tickets accepted as sufficient basis. The reserve policy's provisional figure is **USD 150,000 across 2027–2028** (~USD 5,515 per villa per year if split evenly).

4 Reserve fund is only 37% funded.

USD 37,313 against a USD 100,000 target — USD 7,313 above the 30%-of-target floor, USD 62,687 short of target. The draft policy's 5-year plan implies a top-up of about **USD 12,500/yr**; the FY2027 budget carries USD 10,294 (§8).

5 2026 operating actuals are not yet available.

Owners cannot yet see 2026 spend vs the 2026 budget. The Treasurer's 2026 report and the year-to-date figures (§7) are being compiled and must be circulated before the meeting for Motion M1 to be taken.

6 Property insurance lapses December 30, 2026.

The contract on file ends then; renewal is not confirmed in the records (§10 M8).

7 Restricted and operating cash are mixed.

The Scotiabank USD account (USD 46,597) holds special-assessment money *and* Q4 2026 dues together. The two should be separated in the accounts so restricted funds are not spent on operations (§9).

8 Keeping the grounds green is close to half the budget.

Grounds & Landscaping (USD 46,020) plus Payroll (USD 35,059 — the grounds and maintenance crew's wages and statutory costs) come to **USD 81,079, about 30% of the operating budget**. Add the Water line (USD 39,118, most of it irrigation) and the three together are **USD 120,197 — about 44% of the budget**. This is the clearest single area to look at for savings: irrigation efficiency, the landscaping-contract scope, and crew size.

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

3 FY2027 operating budget

The proposed operating budget for fiscal 2027 totals **USD 273,072** (MXN 4,642,223 at 1 USD = 17). It is a proposed budget for owner approval (Motion M2). Full line items in Appendix A.

BY CATEGORY, LARGEST FIRST · USD (PESO EQUIVALENT AT 17)

CATEGORY	BUDGET (US\$)	BUDGET (MXN)	2025 ACTUAL (US\$)
Utilities	75,387	1,281,585	32,092
Grounds & Landscaping	46,020	782,341	21,834
Payroll	35,059	596,002	22,709
Administration	34,273	582,638	18,227
Security	25,221	428,750	12,941
Maintenance & Repairs	22,441	381,500	14,699
Insurance	14,994	254,895	15,235
Reserve contribution	10,294	175,000	4,851
Taxes & government fees	5,456	92,750	3,341
Capital expense	3,927	66,763	3,927
Total — FY2027 operating budget	273,072	4,642,223	149,856

The largest discretionary lines are the **landscaping contract** (USD 33,101), the **management fee** (USD 28,618) and **security services** (USD 25,221). Any reduction the Board accepts is circulated before the AGM and lowers dues in proportion.

4 Dues allocation & amounts by villa

Each villa's dues are its **fixed allocation percentage** × **the operating-budget total** (USD 273,072). The percentages are set in the governing documents and sum to 100%. Dues are billed **quarterly** (one-quarter of the annual figure).

VILLA	ALLOCATION	ANNUAL DUES (US\$)	QUARTERLY (US\$)	Δ VS FY2026
1	7.89%	21,545	5,386	+5,370
2	7.38%	20,153	5,038	+5,024
3	6.81%	18,596	4,649	+4,635
4	6.81%	18,596	4,649	+4,635
5	6.81%	18,596	4,649	+4,635
6	6.81%	18,596	4,649	+4,635
7	6.81%	18,596	4,649	+4,635
8	6.81%	18,596	4,649	+4,635
9	6.81%	18,596	4,649	+4,635
10	6.81%	18,596	4,649	+4,635
11	6.81%	18,596	4,649	+4,635
12	6.81%	18,596	4,649	+4,635
13	7.38%	20,153	5,038	+5,024
14	9.25%	25,259	6,315	+6,296
Total	100.00%	273,072	68,268	+68,072

"Δ vs FY2026" compares to the ~USD 205,000 FY2026 budget applied to the same allocation percentages. Peso equivalent of the dues total at 17: MXN 4,642,223. The dues figures become final once owners adopt the FY2027 budget (Motion M2) — a lower adopted budget lowers every row proportionally.

5 Special assessments

Special assessments at Sampaguita are **split evenly across all 14 villas**, not by allocation percentage. One assessment is contemplated:

Assessment	Villa roof remedial work
Status	Provisional — scope not yet assessed; subject to Motion M6
Basis	Three villas have reported roof water problems (current maintenance tickets; Villa 7 inspected). No property-wide roof inspection.
Provisional project cost	~USD 150,000 across 2027–2028 (reserve-policy figure, not an inspection estimate)
Provisional 2027 portion	~USD 77,206 total — ~USD 5,515 per villa if split evenly
Provisional 2028 portion	~USD 77,206 — a similar per-villa amount
Funding	Special assessment — not drawn from the reserve fund
Due date	To be set with the amount once scope is assessed

WHAT OWNERS ARE VOTING ON

Motion M6 authorises, in one step: a scope assessment of the affected roofs; the remedial work; and a special assessment to fund it. The current maintenance tickets are accepted as sufficient basis to include the assessment element — a full property-wide inspection is *not* a precondition. The dollar amount and per-villa split are set from the scope assessment and confirmed to owners.

No other special assessments are outstanding or contemplated in the records.

6 Charges (water & fees)

Beyond dues and assessments, the Association raises **per-villa charges** for metered water and other one-off items. Under the property-management agreement, water meters are read monthly and **billed quarterly, payable at the end of each quarter.**

QUARTER	PAYABLE BY	TOTAL CHARGED (US\$)	PAID (US\$)	OUTSTANDING (US\$)
2026 — all quarters	—	none on file	—	0
Q1 2027	March 31, 2027	awaited	—	—
Q2 2027	June 30, 2027	awaited	—	—
Q3 2027	September 30, 2027	awaited	—	—
Q4 2027	December 31, 2027	awaited	—	—

No per-villa charges are on file. The first quarterly water billing under the new Property Manager will appear here once meter readings are entered; it is an additional cost on top of dues and any assessment.

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

7 2026 year to date

Actual operating spend **January–September 2026** against the 2026 budget, with a projected full-year outturn — the figure that best tells owners whether the FY2027 proposal is realistic, and the basis for the Treasurer's 2026 report (Motion M1).

AWAITING FIGURES

The 2026 operating actuals are **not yet in the workspace**. The Property Manager and Treasurer are compiling them from the bank records and Facturas and expect to provide them shortly. This section — and the Treasurer's 2026 report — must be circulated **before the AGM**.

2026 OPERATING — TO BE COMPLETED

CATEGORY	2026 BUDGET	YTD ACTUAL (SEP 30)	% USED	PROJECTED FULL YEAR
All categories	awaited	awaited	—	awaited

8 Reserve fund & capital schedule

Current balance	USD 37,313 as of September 2026
Target level	USD 100,000 — working placeholder, AGM motion required (M5)
Coverage	37% of target
Minimum floor	USD 30,000 (30% of target) — balance is USD 7,313 above it
Gap to target	USD 62,687
Policy 5-year top-up	~USD 12,537/yr; FY2027 budget carries USD 10,294 — to reconcile (M5)
Signing authority	Greg Smith — drawdown requires full Board agreement

History (USD)

YEAR	OPENING	DEPOSITS	WITHDRAWALS	CLOSING
2024	—	60,000	—	60,000
2025	60,000	60,000	90,000	30,000
2026 (to Sept)	30,000	7,313	—	37,313

The 2025 withdrawal of USD 90,000 was deliberate capital investment (pool furniture USD 20,000, beach concession USD 20,000, full villa exterior painting USD 50,000). The 2026 movement of USD 7,313 is the net change to the Treasurer's confirmed September 2026 balance; its line-item composition still needs to be entered.

Capital requirements — five-year reserve schedule

Every capital item with an estimated cost over **USD 3,000** that the reserve exists to fund. This schedule is built out over five years and forms part of the reserve study required for the Association's audit.

COMPONENT	LAST DONE	LIFE (YRS)	EST. YEAR	EST. COST (US\$)
Villa roofs (affected units)	2027 (planned)	—	2027–2028	~150,000 (prov.)
Villa exterior painting	2025	~5–7	~2030–2032	~50,000
Pool furniture	2025	~7–10	~2032–2035	~20,000
Pool plant, irrigation, paving, gates, mechanical	to survey	—	—	—

No capital components are formally recorded yet; rows above are seeded from known recent and planned work. The Board and PM populate the full schedule — surveyed condition, remaining life, cost — over the coming years.

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

9 Banking & funds on hand

Signing authority: **Greg Smith**. Balances are entered and dated by the signing authority or a Board member — **update them as the accounts move**.

ACCOUNT	CUR.	BALANCE	AS OF	NOTE
BBVA — operating	MXN	awaited	—	Primary operating account. Balance to be entered by the Board.
Scotiabank, Canada — holding	USD	46,597	Sept 2026	Per the Treasurer. Special-assessment funds <i>and</i> Q4 2026 dues — restricted and operating money mixed; to be split.
Reserve account — segregated	USD	37,313	Sept 2026	Reserve fund (§8). Drawdown requires full Board agreement.
Funds on hand (recorded)	USD	83,910	Sept 2026	Scotia + reserve; excludes the BBVA operating balance.

The Scotiabank balance mixes **restricted** money (special assessments, which may only be spent on the assessed purpose) with **operating** money (Q4 2026 dues). The Treasurer should split the two — ideally into separate accounts — and report the restricted balance separately at each AGM.

10 Financial motions for the AGM

The financial resolutions to be put to owners at the Friday November 6, 2026 AGM. M1–M4 are the core approvals; M5–M9 are the further financial motions the records show are needed.

M1 Approval of the Treasurer's report for 2026

That owners receive and approve the Treasurer's report for the 2026 fiscal year — the accounts, bank reconciliations, dues and assessment collection, and reserve fund movement. The report and the 2026 year-to-date figures (\$7) are being finalised; **this motion can be taken only once they have been circulated to owners ahead of the meeting.**

M2 Approval of the FY2027 proposed operating budget

That owners adopt the FY2027 operating budget of USD 273,072 (MXN 4,642,223), *or a revised lower figure* following the savings review (\$3, Appendix A; a target near USD 250,000 has been raised). The adopted figure sets each villa's dues per \$4, effective for the 2027 billing year.

M3 Approval of the Accountant for 2027

That owners appoint an accountant for the Association for 2027 and authorise the Board to execute the engagement. No accountant is directly contracted on record; the FY2027 budget carries an Accountant line of USD 2,047. The appointee is responsible, with the Treasurer, for the statutory-filing register and the annual audit / reserve study.

M4 Approval of the Legal Representative for 2027

That owners confirm **Bufete Troncoso** as the Association's legal representative for 2027, or appoint another firm, and authorise the Board to execute the engagement. The FY2027 budget carries a Legal fees line of USD 2,059.

M5 Reserve fund target, policy and annual contribution

That owners set the reserve fund target at **USD 100,000** (with the 30%-of-target floor), adopt the Reserve Fund Policy, Revision 2, and set the annual reserve contribution — USD 10,294 as budgeted, or ~USD 12,537 per the policy's 5-year plan. Direct the Treasurer to itemise the 2026 reserve movement.

M6 Roof remedial work and special assessment

That owners authorise, in one resolution: (i) a scope assessment of the roofs of the affected villas; (ii) the remedial work; and (iii) a special assessment, split evenly across all 14 villas, to fund it. The current maintenance tickets are accepted as sufficient basis to include the assessment; the dollar amount, per-villa share and due date are set from the scope assessment and confirmed to owners (provisional: ~USD 150,000 across 2027–2028, ~USD 5,515 per villa per year).

M7 Confirm the 2027 dues resulting from the adopted budget

That owners confirm the per-villa dues in §4 as recalculated from whatever budget figure is adopted under M2, billed quarterly, and authorise the Property Manager / Treasurer to issue them.

M8 Authorise the property insurance renewal

That owners authorise the Board and Property Manager to renew the Association's property insurance before the current contract expires on December 30, 2026, within the FY2027 budget line of USD 14,994, and report the renewed terms to owners.

M9 Separate restricted and operating cash

That owners direct the Treasurer to separate special-assessment (restricted) funds from operating funds held in the Scotiabank USD account, and to report the restricted balance separately at each AGM.

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

11 Basis of this report

UNCERTIFIED DATA

Produced by HOPE from the Association's workspace as of **September 10, 2026**. **Not reviewed, approved or certified** by the Board, President, Treasurer, Property Manager, the HOA's accountant or any auditor. Not audited financial statements, not a formal notice of assessment, not tax advice. Confirm every figure against source records before relying on it or acting on it.

- Figures are stated in **US dollars** at **1 USD = 17 MXN** (the current rate). The ledger and budget line items are recorded in pesos; peso figures are exact and dollar figures are conversions — a rate change moves every dollar figure.
- The FY2027 operating budget is a **proposed** budget, not adopted; the Reserve Fund Policy is **Revision 2, a circulation draft**.
- The **FY2026 budget of ~USD 205,000** is from the Treasurer and is unconfirmed — no FY2026 budget is stored in the workspace. The "Δ vs FY2026" column and the ~+33% depend on it.
- The **2026 operating actuals and the Treasurer's 2026 report are not yet available (\$7)**.
- The **roof project** figure of ~USD 150,000 comes from the reserve policy, **not from a property-wide inspection**. Three villas have reported problems. Per-villa roof figures are provisional working numbers.
- The **reserve balance of USD 37,313** and the **Scotiabank balance of USD 46,597** are the Treasurer's confirmed figures as of September 2026; the 2026 reserve movement and the restricted / operating split within the Scotia account still need line-item detail.
- Allocation percentages, the bank signing authority and the legal representative are as recorded in the workspace and may need confirming against the governing documents.

ADEUX · HOPE · UNCONFIRMED DATA · CONFIDENTIAL TO SAMPAGUITA VILLAS OWNERS · REV B · 2026-09-10

A Appendix A — full FY2027 budget breakout

Every line of the proposed operating budget, grouped by category (largest first). USD at 1 USD = 17; the peso column is the recorded ledger amount; "2025 actual" is the previous-year actual recorded against each line. **This is the list to work through for savings** (Motion M2).

LINE ITEM	BUDGET (US\$)	BUDGET (MXN)	2025 ACTUAL (US\$)
